

PATIENTS WITH TB NEEDED FOR A RESEARCH STUDY

Researchers are seeking individuals to participate in an imaging project being done to look at TB.

You may be eligible if you:

- **Greater than or equal to 18 years of age**
- **On TB treatment for ≤ 6 weeks by the time of study PET/CT scans and currently being administered a rifampin based TB drug regimen**

Qualified participants will have one PET scan. Those completing the study will receive a payment of up to \$150.
